ABOUT THE SOCIETY

Guilford Horticultural Society is a non-profit organization founded in 1984. The Society provides garden enthusiasts with monthly programs, garden visits, field trips, plant swaps, social events and an annual symposium featuring nationally known horticulture professionals.

The Society meets at the Greensboro Science Center, 4301 Lawndale Drive, Greensboro, NC at 7:15 PM on the third Monday of the month, except July, August and December. For more information, questions about the Society, membership forms as well as information about the Symposium please visit our website - guilfordhorticulturalsociety.org

ABOUT THE SYMPOSIUM

This year is special for the Symposium, its 30th anniversary! Jeanette Windham began the Guilford Horticultural Society as a service to all of Guilford County. Soon after its inception, an annual symposium was instituted to further the aims of the Society: education and the sharing of the newest advances in gardening. Thirty years later the Symposium and the Guilford Horticultural Society are still fulfilling that goal.

LOCATION/DIRECTIONS

The Horticultural Society's Symposums began at the Guilford County Agricultural Center and we are returning to our “roots” for 2015. (See attached map.)

This is a special location and time to recreate what the organization does best: sharing gardening information with like minded individuals of all talents, ages, and plant interests.

Saturday, March 7, 2015
8:30AM-4:00 PM
Guilford County
Agricultural Center
3309 Burlington Road
Greensboro, North Carolina
ABOUT THE SPEAKERS

DR. TODD LASSEIGNE - “FROM THE GROUND UP: CREATING GARDEN SPACES” Using lessons learned in creating public gardens to make your garden fabulous.

Dr. Lasseigne is a plantsman, educator, lecturer, horticultural scientist, and leader in the field of public horticulture. Currently he serves as the CEO of Tulsa Botanic Garden and was the founding Executive Director of Paul J. Ciener Botanical Garden.

GREG PAIGE - “THE ROOT OF IT ALL” Practices for healthy and happy landscapes.

Greg Paige is a curator with Bartlett Tree Research Laboratory & Arboretum in Charlotte. His career in public horticulture includes working at Daniel Stowe Botanical Garden, the Scott Arboretum of Swarthmore College, PA, Holden Arboretum, the Cincinnati Zoo, as well as the Biltmore estate.

DR. LARRY MELLICHAMP - “FUN WITH UNUSUAL SOUTHEASTERN NATIVES” A look at our best as well as some lesser known but worthy natives.

Dr. Mellichamp is professor of botany at the University of North Carolina at Charlotte and director of the UNC Charlotte Botanical Gardens. He is an expert on carnivorous plants, pollination biology, and rare plants of the Carolinas. Dr. Mellichamp collects plants worldwide and is the author of many books, the most recent being Native Plants of the Southeast.
